NOTE FOR THE CABINET.

Sub:- Labour Department - Residential Scholarships for students of Arts and Science Colleges and High schools - Rates - Increase of.

At present the Commissioner of Labour is empowered to grant residential scholarships to students studying in Arts and Science Colleges and High Schools at the following rates.

	Where no tuition fee is payable.		Where tuition fee is payable at half rates.	
	In Madras city.	In Mufassal institutions.	In Madras city.	In Mufassal institutions.
	Rs.	Rs.	Rs.	Rs.
1. Intermediate Classes	126	117	180	162
2. B.A. Classes.	144	180	189	180
3. High School Classes	Rs.100/- in Madras City and Rs. 90/- in mufassal institutions in addition to the amount required for school fees, special fees and books.			

The Commissioner of Labour has also been empowered to sanction actual boarding and lodging charges upto a maximum of Rs. 25/-p.m. to deserving students residing in hostels attached to Arts and Science Colleges. In the case of professional colleges however, the Commissioner has got powers to vary the rates of scholarships so as to meet in full the actual boarding and lodging charges in the respective hostels. In September 1946 he requested that similar powers might be given to him in respect of residential scholarships to be granted to students of High Schools and Arts and Science Colleges. This proposal was placed before the Cabinet Salaries Committee but the Committee did not recommended it. The Hon'ble Minister (Rural Development) wanted the matter to be reopened. This Department considered that as the Government were insisting on students living in recognised hostels to become eligible for residential scholarships, they must get a uniform allowance in the same city or place and enough to live as respectably as others in the hostel. This Department therefore urged that powers might be delegated to the Commissioner of Labour so that he might vary the rates of residential scholarships granted to students of Arts and Science Colleges and High Schools, so as to enable them to meet their boarding and lodging charges in full, in the respective hostels. The Commissioner estimated that the extra cost of the proposal would be Rs. 30,682 (Rs. 18,695 for College students and Rs. 11,987 for high school students) or Rs. 30,700 in round sum. Finance Department suggested that as the whole question was to be gone into shortly by the Re-organisation Committee, the present proposal might be remitted to that Committee. They also stated that even if the proposal was to be considered further without reference to the Re-organisation Committee, the question might be confined to that of College students, as Hon'ble Minister (R.D.) wanted the matter to be reopened only in respect of College students. They also suggested that the proposal, if approved, should be given effect to only from the next academic year. As the proposal involved an expenditure exceeding Rs. 2,500 per annum recurring, they also advised that the "new service" procedure should be followed. The case was then circulated to H.M.(R.D.) and Hon'ble Minister(Finance) for orders and both the Hon'ble Ministers agreed that

p.t.o.

the proposal need not be remitted to the Re-organisation Committee and that the increase in the rate of Scholarships should be allowed in the case of students of Arts and Science Colleges as well as High school students and given effect to in the current year itself. The matter was then placed before the Standing Finance Committee for orders whether the proposal to empower the Commissioner of Labour to vary the rates of residential scholarships to students of Arts and Science Colleges and High Schools, so as to enable them to meet their full lodging and boarding charges in the respective hostels, would be approved and given effect to in the current year.

The Standing Finance Committee at its meeting held on 3.3.48 has advised that the scheme be sanctioned but that it should go before the Cabinet for approval. The matter may now be placed before the Cabinet for orders whether the proposal to empower the Commissioner of Labour to vary the rates or residential scholarships to students of Arts and Science Colleges and High Schools, so as to enable them to meet their full londging and boarding charges in the respective hostels, will be approved and given effect to in the current year itself.
